

CARE COORDINATION CERTIFICATES

For Primary Care Professionals

Sponsored by the University of Wyoming Center on Aging

The courses will be delivered in a virtual environment using a combination of pre-recorded didactic presentations, asynchronous discussion threads, and a virtual meeting space for a live discussion at the end of each module.

Instructor:

Faith M Jones, MSN, RN, NEA-BC

Director of Care Coordination and Lean Consulting at HealthTech

Faith Jones began her healthcare career in the US Navy over 30 years ago. She has worked in a variety of roles in clinical practice, education, management, admin, consulting, and healthcare compliance. Her knowledge and experience spans various settings including ambulance, clinics, hospitals, home care, and long term care. In her leadership roles she has been responsible for operational leadership for all clinical functions including multiple nursing specialties, pharmacy, laboratory, imaging, nutrition, therapies, as well as administrative functions related to quality management, case management, medical staff credentialing, staff education, and corporate compliance. She currently implements care coordination programs focusing on the Medicare population and teaches care coordination concepts nationally. She also holds a Green Belt in Healthcare and is a Certified Lean Instructor.

Co-Instructor: Heather Gilchrist, DNP, MEd, MS, RN

Annual Wellness Visit Certificate Course

October 9th to December 18th, 2023 (Registration Deadline: October 16th, 2023)

This course is designed to provide health professionals, such as Nurses, Health Educators, Health Coaches, and alike, with the knowledge, skills, and abilities to conduct this in-depth consultative visit and develop an individualized preventive plan of care as a valuable member of the primary care provider team.

**This course is approved for 12.5 contact hours*

Advance Care Planning Certificate Course

October 16th to December 11th, 2023 (Registration Deadline: October 23rd, 2023)

Ensuring that patients receive the End-of-life care THEY want does not happen by chance. It takes planning and most importantly – it takes the skills of an Advance Care Planning professional with the ability to assist patients to put into words what is most important to them. This course will help you become a skilled Advance Care Planner.

**This course is approved for 10 contact hours*

Behavioral Health Integration: What a Care Coordinator Should Know Certificate Course

January 8th to April 1st, 2024 (Registration Deadline: January 15th, 2024)

This course is designed to provide health professionals, such as Nurses, primary care clinical staff and alike, with the knowledge, skills, and abilities to provide Behavioral Health Integration services, including use of validated (symptom) rating scales, systematic assessment and monitoring and use of an individualized plan of care.

**This course is approved for 15 contact hours*

Care Coordination Fundamentals Certificate Course

January 15th to May 6th, 2024 (Registration Deadline: January 22nd, 2024)

This course is designed to provide health professionals, such as Nurses, primary care clinical staff and alike, to improve care coordination for patients with chronic conditions, behavioral health issues, as well as incorporating health promotion into their practice.

**This course is approved for 20 contact hours*
