and more coming January 2025!

NEW

ECHO Registration & Log-ins

Starting in Fall 2024, the UW ECHO in Geriatrics will be hosted on the new iECHO content management platform. Registering for and joining sessions now requires an [iECHO account](#). You'll be prompted to create your account when you register the first time. Sessions will still occur via Zoom, but you will access the Zoom link through the [iECHO platform](#).

The iECHO platform will allow you to: directly connect to Zoom to join a session, access all session materials, and register one time for all sessions.

**Join this
geriatric care
community of
practice today!**
