

What is ECHO?

Project ECHO is a virtual model for lifelong medical learning and collaborative practice that links front-line healthcare providers with specialist care teams to manage patients who have chronic conditions requiring complex care. It is transforming the way medical knowledge is shared and translated into everyday practice – and, in the process, enabling thousands of people in remote and medically underserved communities to get care they couldn't easily get before, if at all. Through the UW ECHO® in Geriatrics, sponsored by the Wyoming Center on Aging, healthcare professionals throughout the state have the opportunity to receive best-practice recommendations for consideration in management of older adults. You are invited to present challenging cases for discussion and feedback to a network of colleagues as well as a specialist care team. Each ECHO network will

also feature a brief community discussion on a variety of important topics related to geriatrics.

Goals/Objectives:

At the conclusion of this activity, learners should be able to: develop a network of geriatric care practitioners; create hubs of geriatric expertise in Wyoming; plan ways to support providers who care for geriatric patients; and increase knowledge of how to access and address opioid misuse in older adults.

 Tennille Nelson, PT, DPT. Physical Therapist
 Erin J. Bush, PhD, CCC-SLP. Speech Language Pathologist
 Carmen Bowman, MHS, BSW. Culture Change Expert
 Maya Pignatore, PhD. Psychologist

And YOU!

Experiences of Case Presenters:

"Thank you. Please pass on to the team how beneficial their guidance has been. I've been able to utilize the info/recommendations, and pass on to many of the professionals I work with. We are proceeding with their recommendations!"

"Thanks a million for the copy of the recommendations."

"It really is for our benefit, for our residents, and what a wonderful opportunity!!"

Requirements for participation:

- A one-time registration is required. Please call (307) 766-2829 or email wycqa@uwyo.edu.
- 1 case presentation from each site for the 2019 year.
- A venue or room for participants at your site that has a PC with a webcam, iPad, or iPhone connected to the internet.
- A designee who is responsible for working with WyCOA on network details.
- All participants are asked to complete an evaluation for each network.
*Eval required for CE/CMEs

<https://zoom.us/j/274862793>; or Dial 1 646 558 8656 (US Toll); Mtg ID: 274 862 793

Continuing Education

Continuing education CEs/CMEs hours will be available for interdisciplinary healthcare providers including pharmacy, nursing, social work, psychology, and other healthcare professionals and social service providers and students for the networks they attend.
