# How Can WyCOA Support you?

## Healthcare Professionals

- Interprofessional geriatric training and continuing education (live and online)
- Innovative resources to optimize patient care and engagement
- Community programs to augment patient care
- Resources including training modules, publications, databases, links to related organizations, mobile apps, and more!

## For Older Adults and Caregivers

- Caregiver education/support programs
- Healthy living programs
- Online and community resources
- Information and resources to support aging in place

## For Faculty

- Grants to support interprofessional opportunities (mini-grants)
- Classroom resources and infusion units
- Networking opportunities and research collaboration
- Access to older adult research participant pool

## For Students

- Clinical training and internships in geriatrics and gerontology
- Opportunities to engage and learn about innovative aging services
- Minor in aging studies and certificate offerings
- Community program immersion opportunities

WyCOA connects Wyoming residents, researchers, service providers, and educators, as well as fosters innovative aging research, training health care providers, disseminating evidence-based practices, and serves as a resource for older adults and their family caregivers.

Whether you are looking for information for yourself or those you care, teach or learn from; browse our upcoming training and educational events and learn about our products, research and services.
