PARTNERS' MEETING

Friday, 12 March 2021, 8:00am – 12:00noon

Remote via Zoom:

<https://uwyo.zoom.us/j/93606657853>

Circumstances prevented the usual in-person WYNDD Partners' Meeting in fall 2020, but it is important that we connect with all of our partners – and help them connect with one another - before field season 2021. Join us for a virtual meeting on the morning of March 12th to learn about recent accomplishments at WYNDD, and upcoming priorities for us and for our partners.

AGENDA

8:00 – 8:10	Welcome and introduction
8:10 – 8:40	WYNDD general update and status report (10 min Q&A)
8:40 – 9:10	WYNDD Information Systems and Services update (10 min Q&A)
9:10 – 9:35	Vertebrate Zoology Program update (10 min Q&A)
9:35 – 10:00	Invertebrate Zoology Program update (10 min Q&A)
10:00 – 10:10	BREAK
10:10 – 10:35	Botany Program update (10 min Q&A)
10:35 – 11:00	Ecology Program update (10 min Q&A)
11:00 – 12:00	<i>PARTNER ROUNDTABLE DISCUSSION</i>
12:00	Adjourn

Please come prepared to discuss ecological, informational, and resource management issues of immediate importance to your organization. The final hour of the meeting will be a forum for all partners to bring priority issues and ideas to the attention of all attendees. WYNDD will facilitate this session with the goal of hosting more focused meetings to discuss specific issues with interested partners in the following months.

We put the possessive “s” in the phrase “Partners’ Meeting” on purpose! We want this to be as much your meeting as ours, and to be a valuable way for you to inform colleagues of your priorities and to learn about theirs. We look forward to hearing from you!
