

Good Afternoon,

As a reminder, trainings for salaried employees for the final phase of WyoCloud HCM Go Live are due by Friday, June 28th at 3:00 p.m.

These web-based trainings are available in the Employee LearnCenter > [My Learning Plans](#). This is a required training for all employees based on their assignment type, such as salaried, non-benefited, benefited, and non-exempt. Taking the training will trigger your access to these new modules. If you are uncertain of your assignment type, please see the quick reference guide, [Reviewing Employment Details](#).

Please note this training has been available since March. If you previously completed this training, it is not required to complete it again. However, it is *highly recommended* that you do review it again as the time entry and overall user experience has changed.

Below shows the assigned trainings to be completed prior to receiving access to enter time and/or absences in HCM.
