

EMPLOYEE LEARNCENTER

Greetings,

UW's new training system, Employee LearnCenter, will be released to campus on June 11, 2018. The LearnCenter will provide a better user experience for online training courses including new access for managers to assign and track training for their employees.

To help campus prepare, a short LearnCenter 101 video is now available on the [WyoCloud Knowledge Base](#) to walk through key features and functionality offered in the Employee LearnCenter. This video is a great resource to easily understand what to expect and how to utilize the new Employee LearnCenter. Quick Reference Guides will be made available when the system is released on June 11.

All Human Resources and WyoCloud training courses will be migrated from their previous locations in HRMS, WyoCourses, and WyoLearn to the new Employee LearnCenter. Additional types of employee training will be transitioned to the LearnCenter in the coming months. WyoCloud Open Labs and the UW Help Desk will continue to be a resource for employees to receive personalized support and assistance.

If you need assistance, please contact the UW Help Desk and submit a ticket. The UW Help Desk is your first resource and quickest response for questions. You can contact the Help Desk by emailing userhelp@uwyo.edu or by calling 766-4357 and selecting option #1.

Best,

The WyoCloud Team
