HCM RECRUITING GO LIVE FOR ACADEMIC HIRES

Greetings,

The WyoCloud team is excited to announce that the **Recruiting module in the WyoCloud Human Capital Management system will go-live on October 10th** for **benefited, academic hires only.** This is a phased go-live of the system, only for academic positions whose formal hire and state date will be after January 22nd. This phased go live approach allows academic requisitions to be posted during the normal academic recruitment and hiring cycle, most of which will be filled for Fall Semester 2019. The Recruiting module will provide improved user interface for both candidates and hiring managers and has improved attachment functionality.

Before receiving access to the system, training is required. **Required trainings for the Recruiting module will be released on October 4th** and can be accessed through the Employee Learn Center. More information on training will be shared on Thursday, October 4.

If you have any questions regarding the Recruiting module go-live, please contact Human Resources at 307-766-2377.

Best,

The WyoCloud Team & UW Talent Acquisition
