Purpose:

The document outlines requests related to departments and organizations.

1. New organization/department and Chart of Accounts code
2. New Chart of Accounts code for existing organization/department
3. Change organization/department name
4. Move organization/department within the Chart of Accounts enterprise structure
5. Close organization/department

The Organization code refers to where financial transactions are allocated and these codes represent the University’s Cost Centers.

Scope:

Requests can be submitted by or on behalf of the employee overseeing the organization/department such as the Dean or Director.

Summary:

Changes to WyoCloud related to requests for new organizations/departments and Chart of Accounts codes, requests to move within the Chart of Accounts enterprise structure and requests to close organizations/departments will only occur at the ending/beginning of fiscal years. These types of requests need to be submitted by February 15th to be included in the development process for the next fiscal year’s budget within the WyoCloud Enterprise Performance Management (EPM) system.

Requests to change the name of organizations/departments can be submitted throughout the fiscal year, but approval may not be granted.

A Service Request ticket must be submitted to start the request process.

Details:

Part I: UW Campus User Submits Service Request

Request New or Change Organization/Department

1. Requestor*
   a. Defaults to user
2. Department of the Requestor*
   a. Defaults to Department of the Requestor
