

2025–2026 Wyoming INBRE competition schedule:

Research Project (RP) Awards

<\$125K/year – 2 years

Requires 50% effort

Early-stage investigators only – Focus on developing competitive biomedical research programs

Formal announcement: Tuesday 8/26/25

Letter of intent due: Wednesday 9/17/25, 5 PM

Notification of decision to proceed with full proposal: Before 9/26/25

Full invited proposals due: Friday 11/7/25, 5 PM

External reviews due: 12/8/25

Pilot Projects Type-1 (PP-1) Awards

\$50K/year – 1 or 2 years

Requires 25% effort

Open to investigators at all stages – Focus on new areas and/or extensions of active research

Formal announcement: Monday 9/22/25

Letter of intent due: Monday 10/13/25, 5 PM

Notification of decision to proceed with full proposal: Before 10/24/25

Full invited proposals due: Monday 11/17/25, 5 PM

External reviews due: 12/15/25

Pilot Projects Type-2 (PP-2) Awards

\$35K/year – 1 or 2 years

Requires 15% effort

Open to investigators at all stages – Focus on mentoring (e.g., PhD students)

Formal announcement: Monday 10/13/25

Full proposals due: Monday 11/24/25, 5 PM

Collaborative Projects

\$30K/year – 2 years

Formal announcement: Monday 12/1/25

Open to investigators at all stages – Focus on WY community college collaborations, student mentoring, and development of the CC-UW pipeline

Due: Friday 1/23/26, 5 PM

Please note that UW faculty receiving research funding from other NIGMS IDeA programs (COBRE, CTR-IN) are *not* eligible for INBRE research funding. In addition, faculty cannot receive simultaneous support for INBRE Research Projects (RPs) and Pilot Projects (PP-1 and PP-2). We especially encourage faculty members who have not previously received substantial INBRE support to apply.
