

Hometown:

Encampment,
WY

Major:

Microbiology

Expected

Graduation Date:

Spring 2019

Worked at the lab
for 10 months

Works in:

Virology

WSVL Featured Student of the Month

July 2018

Brett Ralston

What do you like about working at the lab?

I enjoy that there are many students that share similar interests and classes. It is a good place to keep in touch with students with similar majors.

Hobbies/something we don't know:

I enjoy playing guitar, board games and hiking with friends.

Future Plans:

I would really enjoy researching treatments for human diseases. A few I find interesting include malaria, cancer, Alzheimer's and other neurodegenerative diseases.
