May 2026

## **What do you like about working here?**

Some things that I like about working here are all of the hands-on experience and the unique learning opportunities that I can get nowhere else. I also like that I play a small role in helping to keep people and animals safe across the state.

## **What are your hobbies or something we don't know about you?**

Some people may not know that I am also a member of the UW swim team. I also enjoy playing mini golf and listening to audio books.

## **What are your future plans?**

My future plans are to attend vet school where I hope to study exotic animals once I get there! My ultimate dream goal is to one day work at Disney's Animal Kingdom.
