What do you like about working here?

I really enjoy the lab opportunity both have provided to me along with all that I have learned about how to run different labs and how to perform of a variety of tests.

What are your hobbies or something we don't know about you?

I enjoy painting and running in my free time.

What are your future plans?

My future plans are to go to grad school and get a job in lab work of some kind!

I am majoring in microbiology, I don't really have a good idea of which field of microbiology I want to go into because I like them all too much.
