What do you like about working here?

I enjoy working at the Vet Lab because I get to learn about aspects of veterinary science that I did not know about before. Also, it is always fun to get samples from a wide variety of animals.

What are your hobbies, or something we don't know about you?

I enjoy being outdoors, whether I'm hiking, paddleboarding, or disc golfing. I also love to play the piano.

What are your future plans?

I plan to become a high school math and chemistry teacher.
