#### **What do you like about working at the lab?**

Working at the WSVL has provided me with a unique opportunity to get exceptional hands on experiences in the diagnostic setting. It's clear that everyone here is passionate about what they do which fosters an amazing learning environment. I value all the knowledge that has been imparted on me by the wonderful professionals working here and really appreciate the time they take to further my out-of-classroom education!

#### **Hobbies/something we don't know:**

I'm fluent in French

#### **Future Plans:**

I plan to join the Peace Corps and head off to veterinary school after that adventure!
