## **What do you like about working here?**

What I like about working here is all the things I get to learn about all types of animals and not just a select few as well as how much can be discovered from necropsies.

## **What are your hobbies or something we don't know about you?**

Some hobbies I have are reading, riding horses, and baking!

## **What are your future plans?**

I hope to continue my education in Vet School.
