

# WYOMING STATE VET LAB FEATURED STUDENT OF THE MONTH

SEPTEMBER 2020

SOPHIE DEXHEIMER

## REGULATORY SEROLOGY

for 1 year

---

**Hometown:** Pau, France

---

**Major:**  
Animal Science

---

**Expected Graduation:**  
May 2021

### What do you like about working here?

I really like that my colleagues are super nice and friendly and that we always have a great time working together. Plus we play some wicked cool music in reg sero. And the podcasts about serial killers are very funny.

### What are your hobbies or something we don't know about you?

My hobbies include dancing, going on wild adventures and running.

### What are your future plans?

I would like to become a veterinarian first. Then I'd like to get a nursing degree so I can practice both in Alaska where I would like to move!
