

# Ecology & Evolutionary Biology Seminars

held jointly by the Departments of Botany and Zoology & Physiology

1:00-2:00, Berry Center Auditorium

<https://uwyo.zoom.us/j/92473611027?pwd=xqEPetjwd9VJAHyyRfqsuXPF9BZQUb.1>

Passcode: EcoEvo

Date	Speaker	Info	Title	Host:
Sept. 5	Laura Prugh	University of Washington	<i>Integrating Positive and Negative Interactions in Carnivore Community Ecology</i>	Graduate student invited speaker
Sept. 12	Pete Marra	Georgetown	<i>Studying birds in the context of the full annual cycle</i>	WYOBIRD
Sept. 19	Crystal Kolden	UC Merced	<i>TBD</i>	Ewers lab
Sept. 26	Morgan Tingley	UC Los Angeles	<i>After the Fire: Bird Response to a Burning World</i>	Carling lab
Oct. 3	Luiza Aparicido	University of Utah	<i>Plant ecophysiological responses to thermal stress</i>	Courtenay Ray
Oct. 10	Open			
Oct. 17	Jay Falk	University of Colorado Boulder	<i>TBD</i>	Seminar committee
Oct. 24	Bethann Garramon Merkle	University of Wyoming	<i>Power for Good: Leveraging SciComm Insights to Enhance Institutional Capacity</i>	Zoology – promotion talk
Oct. 31	Open			
Nov. 7	Daniel Laughlin	University of Wyoming	<i>Completing the Cathedral: Revisiting the Fundamental Climatic Tolerances of Trees</i>	Botany - sabbatical talk
Nov. 14	Justin Boyles	Southern Illinois	<i>How animals work: physiological ecology in the Anthropocene.</i>	Bernard Research Lab
Nov. 21	Anne Hertel	University of Munich		Holbrook Team
Nov. 28	Thanksgiving – no seminar			
Dec. 5	Amy Krist	University of Wyoming	<i>Ecology and evolution of alpine lakes</i>	Zoology - sabbatical talk
