Economic Development Snapshot
FY 2014**

UNIVERSITY OF WYOMING

For fiscal year 2014 the University of Wyoming received \$82 million in external awards. This funding level is directly due to the capabilities and diligence of UW's dedicated faculty and staff.

These awards provide support to all the University's key missions of research, teaching and service. And while the Office of Research and Economic Development is charged with accounting for all external awards we also celebrate what these funds do to support students, create new knowledge and new applications of existing knowledge, enhance research infrastructure and support the University's service mission to the state of Wyoming.

This year's report contains the standard external sponsored program funding using historic methodologies for determining the \$82 million. This allows us to compare prior years' data. In addition we show Direct Student Loans which UW now administers as a result of federal legislation shifting students loans from private lenders to the student's academic institution; there is about \$59 million in these loan funds.

The Research Office congratulates all who have received external funding. Through your hard work, UW's reputation grows and our constituents' benefit.

William A. Gern, Vice President
Research & Economic Development

Business Resource Network

Economic Development continues to be a major role for the University of Wyoming. Much of UW's work involves a unique relationship with the Wyoming Business Council (WBC) which produces important results for companies throughout the state. Called the **Business Resource Network** the University and the WBC, with federal partners, provide business assistance through several independent but coordinated organizations.

The **Wyoming Small Business Development Centers**, this time partnering with the U.S. Small Business Administration, provide a variety of services to small businesses of all types. **Manufacturing-Works**, a National Institute of Standards and Technology Manufacturing Extension Partnership entity provide a set of specific services to manufacturing businesses. **GRO-Biz**, a **Procurement and Technical Assistance Center** with federal funding provided by the Defense Logistics Agency provide training and assistance to Wyoming businesses desiring to provide goods and services to the federal, state and now local governments.

The **Wyoming Market Research Center** which has no federal partner is an organization employing a variety of databases to give small businesses clear market analysis as they contemplate growth and change. The **Wyoming SBIR/STTR Initiative** provides specific assistance to Wyoming innovation based companies to compete for federal SBIR and STTR funding and it runs the unique **Wyoming Phase 0** program which provides contracts to Wyoming businesses on a competitive basis to develop federal Phase 1 or Phase 2 proposals. Finally the **Research Products Center** handles intellectual property transactions (patenting, licensing and copyrighting) for the University of Wyoming specifically and teaches Wyoming inventors how to protect intellectual property and, conducts to patent searches for such inventors.

Together, these six organizations provide a host services for Wyoming small businesses that is unique in the United States. The Wyoming Business Council provides the state matching funds to these organizations and the University of Wyoming provides management. All share the common philosophy that no one succeeds until there is client success.

Finally the University of Wyoming operates the **Wyoming Technology Business Center** which is a technology-related business incubator in Laramie. This center provides specific client counseling to two distinct set of clients, those called "pre-venture" clients or those that are taking initial steps towards developing a business or have formed a nascent company. Currently about 30 such companies are receiving assistance. The other group are those companies occupying space within the WTBC and are receiving the in-depth counseling services of the WTBC professionals. Making the WTBC unique is a contract with the Wyoming Business Council to manage a Tier 2+ data center in the basement of the incubator building. This data center provides high speed connectivity for companies occupying space within the incubator or who are WTBC graduates.

The University of Wyoming understands the deep responsibility associated with providing assistance to Wyoming business and in helping to grow technology-based businesses to provide diversification. The following is a report of Economic Development activity for the past year.

Small Business Development Centers

Wyoming Entrepreneur is a network of three programs at the University of Wyoming, with offices throughout the state. The programs include the Small Business Development Center (SBDC), Procurement Technical Assistance Center (PTAC) and Market Research Center (MRC).

Wyoming Entrepreneur consists of a partnership between the University of Wyoming, the Wyoming Business Council and the U.S. Small Business Administration.

In order to best serve entrepreneurs in Wyoming, we have developed a number of consulting specialties which include selling to government, business plans, marketing plans, financial health checkup, business valuation, eCommerce, succession planning, international trade, tourism marketing, market research, business ethics, social media, QuickBooks, and others.

FY14:

- \$ 13,793,290 capital impact
- 920 jobs created or retained
- 1,634 clients assisted
- Business Startups 80
- 61 training events – 1,331 attendees, 3,942 training hours

Twenty years of assisting clients: (1994-2014)

- 40,206 clients have been served
- \$200,793,290 capital impact
- 9,933 jobs created or retained

Funding

Funding

Federal (SBA) \$631,250

State (WBC) \$806,278

UW also provides matching

Procurement Technical Assistance Center (PTAC)

The Wyoming Entrepreneur Procurement Technical Assistance Center's mission is to assist Wyoming firms with identifying and securing federal, state, and local government contracting opportunities. We are here to help you navigate the government contracting learning curve and make the whole process a little easier.

FY14

- 265 active client base
- \$15,762,243 total dollar value of prime contract and subcontract awards received by all small business concerns
- 315 jobs created or retained

Fifteen years assisting clients:

- \$160,762,243 cumulative total of contract awards
- 10,156 cumulative total of attendees trained on procurement topics
- 3,214 jobs created or retained

UW also provides matching

Funding

Federal (DLA) \$267,000
State (WBC) \$133,887
UW also provides matching

Market Research Center (MRC)

The Wyoming Market Research Center is part of the Wyoming Small Business Development Center and it provides data to the SBDC as they assist clients. The Market Research Center offers a wide variety of research and information services to Wyoming businesses. All services are free of charge and enable businesses in Wyoming to access sophisticated resources that are normally not accessible to Wyoming businesses.

FY 14

470 clients assisted
954 projects researched

12 years of assisting clients

3,738 clients assisted
5,537 projects researched

Funding

State (WBC) \$280,976
